Upcoming Events

Helping you to realize your garden visions for over a decade.

Dear Friends,

This promises to be an exciting year at Oriental Garden Supply! We have a lot of gorgeous new plants starting to come in with the first truckload last Friday, plus our new website is due to be launched very shortly. We will have all the details for you (and more) in our regular spring newsletter. Our official opening day is April 13th so put it on your calendars. Be ready!

This special edition of our newsletter is to encourage you to go to the Garden Artisans of Rochester Expo this week. Our own Chris Law, Nursery Manager at OGS, is one of the major designers so you know it will be fabulous! More details below.

Cheers,

Al Pfeiffer, Owner
Oriental Garden Supply

Upcoming Events

In lieu of GardenScape this year, Rochester's premier landscape craftsmen are putting their skills to work at the Garden Artisans of Rochester Expo. This event is being held March 14-17 at Southtown Plaza in Henrietta, NY with 30,000 square feet of beautifully designed gardens including a children's garden, and 80 marketplace vendors.

You can find out more information about tickets and show hours, the garden symposium schedule with bios on the presenters, the preview party to benefit breast cancer research,

special breakfast tours of the gardens, and directions to the show at gardenartisansexpo.com/.

It promises to be a great show - come out, say hello, and smell the coming of spring!
